"THE DRAGON IS NOW THOROUGHLY STUNNED! BE SPORTING! WAIT FOR HIM TO REVIVE AND THEN PIERCE HIS CRUEL HEART WITH AN UPWARD THRUST, PROVIDING OF COURSE THAT YOU CAN FIND HIS HEART, AS MOST DRAGONS ARE QUITE HEARTLESS!"

Skinny Girls Don't Have OOMPH!

It takes those extra lbs. of solid flesh to "bring out" your natural curves

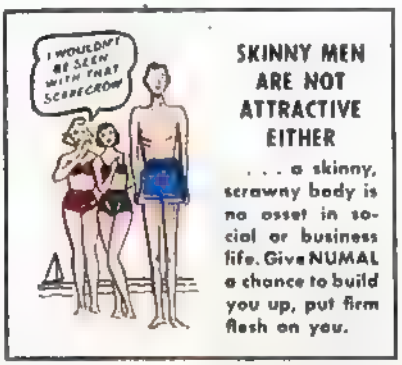
If you're otherwise healthy but skinny, scrawny, rundown and lbs. underweight, try correcting this common mistake in eating.

THERE are three essential substances that many thin, scrawny and undernourished girls may fail to get in sufficient quantity from the food they eat. These substances are Vitamin B_1, calcium phosphate and iron. If, like thousands of others, you are underweight without organic cause . . . never seem to gain a pound . . . are so thin that you look gangling and gawky from insufficient amounts of these precious elements, don't get discouraged.

You may find that by correcting this simple mistake in eating you can easily add firm solid flesh . . . extra alluring pounds that help bring out those natural eye-catching curves. A simple and easy way is to try the amazing new product called Numal that supplies, in significant amounts, the Vitamin B_1, calcium phosphate and iron needed in the daily diet. Plus a food that in itself is a great help in adding extra pounds.

Take 1 heaping teaspoonful of Numal 3 times a day. It is pleasant, assimilable and easy to take. You will get the equivalent in Vitamin B_1 content of 34 cakes of average moist baker's yeast . . . the iron equivalent of 15 pounds of tomatoes or 1⅔ pounds of spinach or 9 pounds of boiled beets...and the calcium equivalent of ⅘ths pint of fresh cow's milk, the phosphorus content of 1 glass.

Remember, if you don't get a sufficient quantity of Vitamin B_1 in your daily diet, you may suffer loss of appetite. And without sufficient iron, the element that helps build rich red blood, you may be rundown, pale, weak and listless. You need calcium phosphate for sound teeth and sturdy bones.



SKINNY MEN ARE NOT ATTRACTIVE EITHER

. . . a skinny, scrawny body is no asset in social or business life. Give NUMAL a chance to build you up, put firm flesh on you.

Numal Must Please You or No Cost

So if you are skinny, gangling and bony from lack of these precious nutrients, don't wait any longer. Get Numal today. You will want those extra pounds that "bring out" your natural eye-catching curves. Take Numal faithfully for a week. See if you can't actually feel the difference . . . gain weight and better color. If after this short period you honestly don't feel Numal has benefited you, just return the bottle for a complete refund of your money. Numal costs but a few cents a day to use.

If loss of weight persists see your doctor

I, THE EYE

MY folks named me Percy when I first saw the light of day in the small western town of Lazy River. Now, with a handle like that, a guy either had to run away into the hills and hide out from civilized people for the rest of his natural life, or else take up boxing and be prepared to defend himself from all comers. Percy! So I took up boxing. I was twelve at the time. I gave up boxing at the age of thirteen! It seems that I wasn't very good at fighting, and I got tired of walking around town with my eyes in a continual state of black-and-blue.

When I was eighteen and left home to make my own way in New York, I did three things . . . I got me a private investigator's license, bought a gun and a permit to go with it . . . and changed my name to Spike. I was ready to face the world.

I managed to get enough cases now and then to pay the rent on my one-room office on the tenth floor of an old building off Eighth Avenue . . . likewise for a one-room studio apartment where I lived. I can't say that any of my cases had been particularly interesting or exciting, until that fatal day in May. Yes, it was about the middle of a drizzling day in May . . . I was seated alone in my office, hoping the phone would ring. It had been a long time since my last case, and the exchequer was getting mighty low!

Suddenly, there was a resounding crash as something came in through the window. Considering the fact that my office was on the tenth floor, I was suspicious at once that all was not normal. Who was tossing stones at me from ten floors below? And why, yet?

I reached down from my swivel chair and picked up the stone. Ah, just as I suspected! There was a note attached to it. Messages yet! With quivering fingers, I tore the string from around the stone and opened the piece of paper. Just three words jumped out at me. "Are you in?" That's what it said! Sounds crazy, eh? But, you know, things only sound strange when you don't understand all the circumstances. You see, my office was on the tenth floor of an old building . . . guess I mentioned that before. Anyway, the elevator hadn't been working for years . . . quite a hike every morning for me! But you'd be surprised how cheap the rent was! Now here was a character who wanted to do business with me, but had no intention of climbing ten floors to find out if I was in. So he tossed the message from below. Makes sense *now*, doesn't it? The phone? Oh yes, as I read the note, I suddenly realized that the phone had been disconnected . . . hadn't paid my bill in a couple of months. Well, I *said* it had been a long time since my last case, no?

I knew a potential client was waiting to hear from me down in the street, so I leaned out the window and looked down. A midget was standing in the middle of the street, glaring up at me. I waved to him. In turn, he signaled that I should hurry on down . . . he wanted to talk to me. For a client I would hurry any time. I grabbed my hat and went out into the corridor. The door to the elevator was open and I stepped in. Are you puzzled? I've already told you the elevator was not in working condition. But the ropes were there . . . I just grabbed them and slid down to the first floor. Made it faster than any old elevator would!

When I got out into the street, I found my client waiting for me. Did I say he was a midget? He only *seemed* that way from ten floors up. Now that I was standing next to him, I saw the guy was a giant! Almost seven feet tall! No wonder he had the strength to toss that rock with the message up into my office.

"Got a case for you, private eye!" he said, mumbling through his flabby lips. Now this was more like it! My hand tightened on the gun in my pocket, already anticipating the exciting action I was due for.

"Let's have the details," I suggested to my big client.

He shook his head. "Not here! Come with me to my place . . . it's not far." So I went.

He lived a couple of blocks away. Soon we stopped in front of an old brownstone house. It was a sloppy neighborhood and I wasn't sure I liked the looks of things. But it had been oh so long since that last case! We walked up the front steps, into the house and down a dim corridor to a big room in the back of the house. When we entered the room, the giant moved swiftly over to an old kerosene lamp on a table and lit it. A soft, yellow glow illuminated the room, and I was then able to

see what kind of a dump I was in. I was surprised to find the walls lined with book shelves, and the shelves were loaded with books. Somehow these books didn't seem to jive with the big man, but of course a guy can be wrong. My unasked question was answered a moment later when he told me to sit down and began explaining.

"I'm a writer," he said. "I read a lot too, as you can see. Frankly, I've never sold anything I've written. The editors say I use too many cliches, like 'he fled on winged feet', or 'he lost his head in the confusion'. Absurd phrases, the editors say. But I don't agree with them. I insist that the actions described in so-called cliche phrases *could* occur! That's why I hired *you*. I'm going to *test* them on you!"

Well! I've handled some queer cases in my time, but *this* was the gonest! And my client seemed not quite all there too! I had sudden thoughts of leaping from the chair and fleeing from the joint. But one look at the glowering expression on the giant's face and I knew I was stuck. So what could I do? I accepted the "case", of course. When I had indicated my willingness to serve, the big man tossed me a twenty dollar bill.

"That's for the first hour!" he said. "Every hour I'll toss you another twenty. Now let's get started!" So we got started. He sat at the desk and began to write and to talk . . . and I listened.

"There are some phrases which may sound impossible, but which I insist *can* be put into action. I shall now begin the test on you!" I didn't like the way he looked at me when he said that! I felt like a guinea pig used in an experiment . . . only in this case the formula for injection consisted of "literary" phrases!

"Food to make your mouth water!" he shouted at me. I began dribbling at the mouth! Just the *thought* of food, you know what I mean? "Face the music!" he shouted. Maybe my ears were playing psychological tricks on me, but I *could* hear music coming from out of nowhere and black notes seemed to be floating around the room.

Hypnotism, you know what I mean? "I want this table moved . . . *tackle* it!" I was the flashiest fullback *you* ever saw as I leaped out of my chair and dived for the legs of the table!

So that's how it was for an hour. The giant would toss those cliche phrases at me, and I found myself seeing, hearing, feeling, *doing* the odd things he kept mentioning. Thought control? Maybe. But I don't mind telling you, I was getting leery and more scared by the minute!

Then the giant was reaching for another twenty dollar bill. Another hour of this stuff? Not if I could help it! If only I could gather up enough nerve to scram out of there! And then it happened! He spoke that phrase which made me dash out of that room and house like a bat out of Hades!

"Got you scared of me, eh?" he shouted. "You're so frightened at this moment, that I could probably *scare you right out of your skin!*"

Well, that was it, brother! I could feel my flesh creeping as I fled from the madman! I'm telling you, I *was* just about ready to be scared right out of my skin . . . and if I had stayed there another minute, I'd be nothing but a heap of bones, if you know what I mean. I didn't stop running until I got to the railroad station and jumped on the first train heading west . . . and I *mean* jumped! Yep, for me, my private eye days were over. I had had enough!

I'm living near Lazy River again . . . up in the hills, by myself. The only people I see are some of my cousins when they hike up here once in a while for a talk with their "eccentric" cousin Percy. They say I haven't got "all my marbles" . . . but they're wrong! Sometimes, when I shake my head, I can hear them moving around inside . . . and it sounds like they're *all* there! You know what I mean?

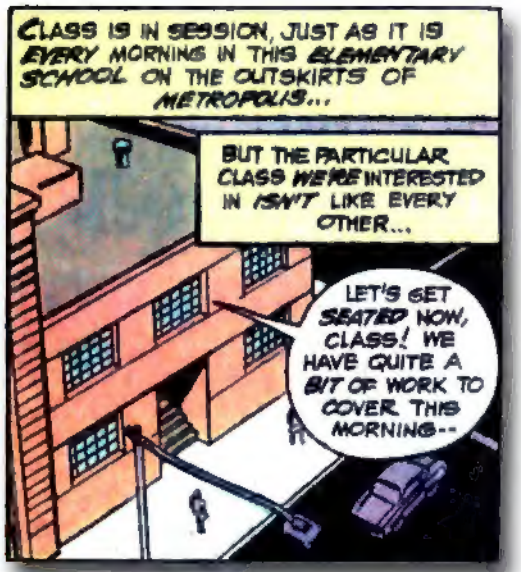
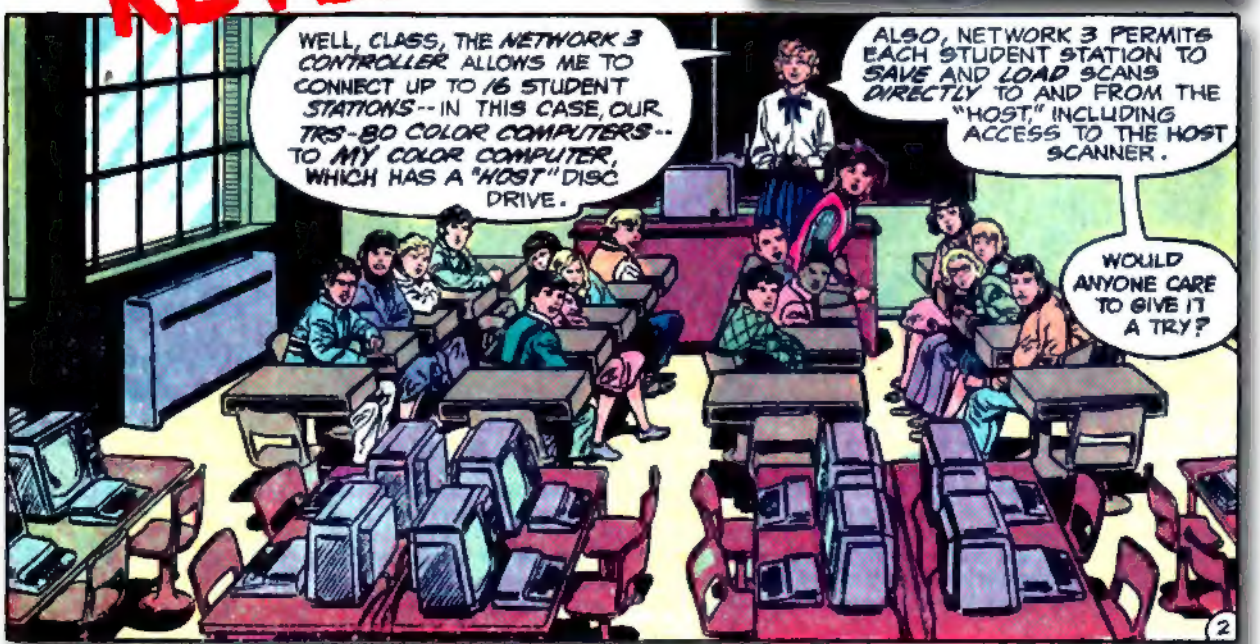
SECRETS of the PMACK SCANNING EMPIRE REVEALED



CLASS IS IN SESSION, JUST AS IT IS EVERY MORNING IN THIS ELEMENTARY SCHOOL ON THE OUTSKIRTS OF METROPOLIS...
BUT THE PARTICULAR CLASS WE'RE INTERESTED IN ISN'T LIKE EVERY OTHER...
LET'S GET SEATED NOW, CLASS! WE HAVE QUITE A BIT OF WORK TO COVER THIS MORNING--



WELL, CLASS, THE NETWORK 3 CONTROLLER ALLOWS ME TO CONNECT UP TO 16 STUDENT STATIONS -- IN THIS CASE, OUR TRS-80 COLOR COMPUTERS -- TO MY COLOR COMPUTER, WHICH HAS A "HOST" DISC DRIVE.
ALSO, NETWORK 3 PERMITS EACH STUDENT STATION TO SAVE AND LOAD SCANS DIRECTLY TO AND FROM THE "HOST," INCLUDING ACCESS TO THE HOST SCANNER.
WOULD ANYONE CARE TO GIVE IT A TRY?
2

ALL RIGHT, LET'S SWITCH ON OUR COMPUTERS AND GET STARTED.
AND SO, FOR THE NEXT HOUR, THERE IS SILENCE IN THE CLASS-ROOM AS THE SIXTH-GRADERS APPLY THEMSELVES TO THE TASK AT HAND--
